Min price can be larger than Max price when choose Price limits

02/03/2022 03:35 PM - Anonymous

Status:	В работе	Start date:	02/03/2022
Priority:	Низкий	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
1) Open WEB site https://www.roznica.com.ua/categories for example (https://www.roznica.com.ua/noutbuki-c24?ps=80000&pe=10000)			
2) Choose Min price larger than Max price			
Expected Result: Min price equal max price when it bigger			
Current Result: Application dont change incorect params
