Description

for example in kingdoms internal rankings
treasure ranking is different, if gov's sell stolen goods to the king or to the duke
if they sell to the dukes, the part of the treasures for the king doesn't count for gov's treasure ranking
Goblin
they go directly in the tributes of the dukes for the king
but Travian won't change it
it's since a lot of years
I talked 2 weeks with them about it
they said, it has to stay, because a change would give more bugs in other parts
