Description

Steps

1. Open the main page of the site <https://www.roznica.com.ua/>
2. Choose any product.
3. Change the site interface to Ukrainian.
4. View product specifications.

Actual result. When choosing the Ukrainian interface language, the product characteristics must be displayed in Ukrainian.

Expected result. Product characteristics remain in another language (Russian), even after changing the interface language to Ukrainian.

Environment. Windows 10. Google Chrome v.129.0.6668.101 64x
